GROSSMONT-CUYAMACA
COMMUNITY COLLEGE DISTRICT

Cuyamaca College Chiller Expansion & Year 5 Energy Conservation Measures

Project Budget:	**$9.2 Million**
Construction Duration:	**July 2019 – September 2020**
Funding Source:	**Proposition V & Proposition 39 Funds**

Scope/Summary:

The scope of the Cuyamaca College Chiller Expansion & Year 5 Energy Conservation Measures project consisted of the expansion of the Campus central plant, including the replacement of two (2) chillers, two (2) cooling towers, and three (3) boilers. The modernization remedied the aging chiller equipment and infrastructure.

Project Team:

- **General Contractor:** University Mechanical
- **Engineer:** SC Engineers Inc.
- **Program Manager:** Jim Bray, Gafcon, Inc.
- **Campus Project Manager:** Brian Browning, Gafcon, Inc.
- **Proposition V Program Manager:** Gafcon, Inc.
