GROSSMONT-CUYAMACA
COMMUNITY COLLEGE DISTRICT

Grossmont College Science, Math, & Career Tech Complex
Phase 1 – Building 31

Project Budget:	**$12.7 Million**
Construction Duration:	**July 2018 – March 2020**
Funding Source:	**Proposition V**

Scope/Summary:

The Science, Math & Career Tech Complex project consisting of two buildings is being constructed in two phases. Phase 1 included the replacement of the interior of Building 31 and full renovation of its systems and classroom interiors. Also included in this phase was the relocation of college staff and personnel from the existing building into a temporary swing space then back into the modernized facilities. Building 31 now houses the Administration of Justice program and Child Development Center. In addition, there are classrooms for Math and a shared computer lab.
