CCLC Community College League of California

Governor's May 2014/2015 Budget Revision

Enrollment Growth line item was reduced by .25%. Telecommunication/Tech Infrastructure line item was increased. One-time funds for economic and workforce development, telecommunication and technology were earmarked, the facilities item was reduced.

Non-Credit Education

CCLC has created a policy brief on the value of Noncredit education and the need to create funding parity with for credit classes. The lack of funding parity causes a staffing issue in this area. Valuable support systems for these students are also not available because the funding does not support those services. Reassessment is needed.
