---

All courses of the District shall be open to enrollment in accordance with *Board Policy BP 5052 "Open Enrollment"* and a priority system consistent with AP 5055 titled "Enrollment Priorities." Enrollment may be limited to students meeting properly validated prerequisites and co-requisites, or due to other non-evaluative, practical considerations.

No student is required to confer or consult with or required to receive permission to enroll in any class offered by the District, except as provided for in AP 5055 titled Enrollment Priorities or *except for district programs that permit restricted enrollment.*

Students are not required to participate in any pre-registration activities not uniformly required, and no registration procedures are used that result in restricting enrollment to a specialized clientele, or except as provided for in AP 5055 titled Enrollment Priorities or *except for district programs that permit restricted enrollment.*

A student may petition for an exception to an enrollment limitation on any of the following grounds:

- The limitation is unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
- The District is not following its enrollment procedures;
- The basis for the limitation does not in fact exist.

Students may submit documentation to support their petition to the Admissions and Records office.
