In order to facilitate the success of each student's stated educational goals and to support students in the attainment of course completion, certificates, degrees, personal enrichment, and/or professional development, the Board will oversee the District's success in the following:

1. Support the Student Success, Equity and Access agenda by implementing the Educational Master Plan, District and College Strategic Plans, Student Success & Equity Plan, and other appropriate District and College initiatives.
2. Support the Continuing Education & Workforce Training agendas to meet identified workforce needs and strengthen the regional economy.
3. Partner with area schools and transfer universities to build seamless articulations and accessible pathways for students to learn and succeed equitably throughout the educational pipeline.
4. Allocate resources in a manner that prioritizes the Board's goals under this policy
