In compliance with Education Code and Title 5 Regulations, the Grossmont-Cuyamaca Community College District (District) Chancellor shall establish administrative procedures regarding probation, dismissal and readmission of District students. These procedures will be developed in collegial consultation with the District's Academic Senates; and are intended to address District students whose semester grade point average (GPA) has fallen below 2.0 in courses receiving letter grades. The Chancellor shall ensure that these procedures include, but may not be limited to the following elements:

Grades earned at other schools prior to admission to District colleges shall not be considered in determining probationary status.

Probation

1. Academic Probation

Any student who has attempted a minimum of 12 semester units at the District and whose cumulative District-wide GPA falls below 2.0 in courses receiving letter grades for work attempted within the District shall be placed on academic probation.

2. Lack-of-Progress Probation

Any student who has enrolled in a cumulative total of at least 12 semester units in the District shall be placed on lack of progress probation when the student's cumulative units indicate 50 percent or more units of "W," "I," "NC," and "NP."

3. Removal from Probation

- a. Any student placed on academic probation shall be removed from probation when the cumulative District-wide GPA has improved to 2.0 or higher.
- b. Any student placed on lack-of-progress probation shall be removed from probation when the cumulative District-wide units of "W," "I," "NC," and "NP" are less than 50 percent of the total units attempted.

Notification of Probation

Each District student is entitled to be notified of his/her/their academic difficulty and the

availability of college support services to respond to the academic difficulty before the student is dismissed. Notification will consist, at a minimum, of the following: At the end of the semester in which the student's GPA falls below 2.0 in all units attempted, a notice that the student is on probation shall be sent to the student informing him/her/them that he/she/they is on academic probation. "All units attempted" is defined as all units of credit for which the student is enrolled in at the community college that they attend. The notification of probation will cover, at a minimum, the significance of being on probation and a description of the services available to them.

Any student who receives symbols of "W," "I," or "NP" in 50 percent or more of all units in which a student has enrolled, shall be placed on Lack-of-Progress Probation.

For purposes of this section, semesters shall be considered consecutive on the basis of the student's enrollment, so long as the break in the student's enrollment does not exceed one full primary term.

Dismissal

1. Academic Dismissal

Any student on academic probation whose semester GPA falls below 2.0 shall be dismissed. Any student on academic probation whose semester GPA equals or exceeds 2.0, shall not be dismissed as long as this minimum semester grade point average is -but maintained but whose cumulative GPA for all units attempted remains below 2.0 shall be continued on probation. At the end of the second consecutive primary term At the end of the third semester on which the student is on academic or progress probation, in which the student earned a cumulative GPA of less than 2.0, a notice that the student is subject to dismissal will be sent to the student informing him/her/them that he/she/they is subject to dismissal.

2. Lack-of-Progress Dismissal

Any student who is on lack-of-progress probation and whose semester work indicates 50 percent or more units of "W," "I," "NC," and "NP" will be dismissed. Any student on lack-of-progress probation whose semester work indicates fewer than 50 percent units of "W," "I," "NC," and "NP," shall be removed from probation when the percentage of units in this category drops below 50% but whose cumulative records show 50 percent or more units of "W," "I," "NC," and "NP" will be continued on lack-of-progress probation.

A notice that the student is dismissed will be sent to the student. The notification of dismissal will cover, at a minimum, the significance of being dismissed and a description of the services available to them. Any student dismissed from a college within the District may not attend any college within the District during the next two consecutive primary terms. The student may, however, attend the Summer session.

Readmission

Any student dismissed may petition for readmission. The Petition may be initiated at the college in which the dismissal occurred. However, if the student was concurrently enrolled, the petition may be initiated at either college. A student who has not attended for two consecutive primary terms after dismissal is eligible to reapply and be readmitted without petition.

Appeal of Dismissal

The student has the right to appeal a dismissal action if the student feels that facts exist that warrants an exception to the dismissal action. The student must file the written petition of appeal to the Admissions and Records Office. Petitions will be reviewed by the Petitions Committee.

The decision of the Petitions Committee will be communicated to the student in writing by the Admissions and Records Office. The student may appeal the decision of the Petitions Committee in writing.

If the dismissal appeal is granted, the student will be continued on probation for an additional semester. At the end of the additional semester, the student's academic record will be evaluated to determine whether the student may be removed from probation, should be dismissed, or should be continued on probation.

Fall Dismissal

Special circumstances exist for dismissals after the Fall semester due to the fact that students traditionally enroll before Fall grades are available. Subject to dismissal letters will be sent no later than late January informing students that:

- If they are enrolled in the Spring semester, their Spring registration will be revoked.
- If they are not enrolled in the Spring semester, they have the right to appeal dismissal in accordance with the appeal process.

Probation, Dismissal, Readmission Data Reporting

The Chancellor shall develop and provide to the Board for review [specify annual or other interval] report of the number of students who were placed on probation, dismissed, and reinstated. This report must disaggregate the students by race, age, gender, or any other characteristic identified by the Board.
