3) Addition to the agenda: BP/AP 4070 Course Auditing and Auditing Fees a. The BP/AP was added to implement the changes in Colleague to automate audit fees before students register by May 5 th . b. Barbara noted that the correct language is in the catalogs, but not in our BP/AP. She asked the council to review the AP, via track changes, and reminded the group that the APs are operational and do not require constituents' or Board approval. c. There was discussion regarding repeatability, which is currently a part of the audit policy in the catalog and if this is moved to a BP, students will no longer be allowed to petition. d. Adrienne stated that basing auditing of courses on repeatability does not match up to the reason most people are currently wanting to audit a course. e. We need to outline the current process of petitioning for an audit in the AP. f. After council review, BP to be reviewed by the senates. g. Once the BP and AP have been established, the catalogs would need to be adjusted to match the BP/AP language.	<p style="text-align: center;"><u>AP 4070 V1</u> Request a review to implement</p> <p style="text-align: center;"><u>BP 4070 V1</u> Reviewed later by the senates</p>
