Fiscal Impact	No
Dollar Amount	21,754,548.00
Budgeted	Yes
Budget Source	Total Computational Revenue from the State.
Recommended Action	Approve an expenditure plan for Education Protection Act funds, as recommended by the Chancellor.

INFORMATION IN SUPPORT OF PROPOSAL

Summary of Issue: Proposition 30, The Schools and Local Public Safety Protection Act of 2012, provides temporary tax revenues for funding of local school districts and community colleges. The Education Protection Account (EPA) was created in the State General Fund to receive and disburse these temporary tax revenues. Districts have sole authority to determine how the monies received from the EPA are spent, provided that the Governing Board makes these determinations in an open session of a public meeting of the Board.

In accordance with EPA requirements, the Board is asked to approve the attached Prop 30, EPA Expenditure Report (**Attachment A**).

Background: Proposition 30, The Schools and Local Public Safety Protection Act of 2012, passed in November 2012, temporarily raised the sales and use tax by .25 cents for four years through December 31, 2016, and raised the income tax rate for high income earners (\$250,000 for individuals and \$500,000 for couples) for seven years to provide continuing funding for local school districts and community colleges.

Proposition 55, the California Children's Education and Health Care Protection Act of 2016, is an extension of Proposition 30 and extends the personal income tax increase through 2030-2031. It did not extend the sales and use tax, which expired January 1, 2017.

Each district receiving EPA funds must also annually publish on its internet website its report of how much money was received from the EPA and how that money was spent. Additionally, the annual independent financial and compliance audit required of community colleges must ascertain and verify whether the funds provided from the EPA have been properly disbursed and expended as required by law. Expenses incurred to comply with these additional audit requirements may be paid from the EPA.

Fiscal Impact: Per the 2021-2022 First Principal Apportionment (P1) from California Community Colleges, the District's

estimated EPA is \$21,754,548. The new EPA funds are not additional funds, but they represent a component of the "Total Computational Revenue" (TCR) of \$121,897,601 on the P1.
