

**GROSSMONT-CUYAMACA COMMUNITY COLLEGE DISTRICT
COMPUTER SYSTEM SECURITY AND USE STATEMENT**

I understand that the Grossmont-Cuyamaca Community College District (GCCCD) network represents an essential asset of the district and that misuse of networking resources may result in the loss of privileges. Users may be held accountable for their conduct under any applicable District/campus policy, procedure, or collective bargaining agreement. Under California state law anyone who maliciously accesses, alters, deletes, damages, or destroys any computer system, network, computer program or data is guilty of a felony. Complaints alleging misuse of network resources will be directed to those responsible for taking appropriate disciplinary action.

I understand that the GCCCD computing systems are provided for the use of Grossmont/Cuyamaca Community College District students, faculty, and staff in support of the educational programs of the colleges, and are to be used for such activities only. Commercial uses are specifically prohibited.

I agree to use the network in a legal and ethical manner which respects the rights, privacy, and needs of others, which honors copyright and license agreements, and which does not interfere with the operation, integrity, or security of the network. I understand that all communications are to reflect the mutual respect and civility expected in an academic community.

I understand that I am responsible for all activity under my user name, and understand that abuse of the network privilege will result in the immediate suspension of network access. I understand that I may not transfer or confer these privileges to another individual, unless I provide explicit written permission to another person access to my e-mail accounts. The authorized user is responsible for the proper use of the system, including any password protection.

I am aware that network traffic may be subject to search under court order. I understand that network traffic, and E-mail and voice mail in particular, may be considered a public record of the Grossmont-Cuyamaca Community College District. Such records are subject to examination by District officials in the necessary conduct of District business and release by request under provisions of California Government Code Section 6250 et.seq. System administrators may monitor network traffic or access user files as required to protect the integrity of the network. I am aware that all users have the right to be free from any conduct connected with the use of GCCCD computing systems which discriminates against any person on the basis of race, color, national origin, sex, sexual orientation, or disability or creates a hostile educational environment.

Nothing in this statement supersedes the right of a network service provider to impose more restrictive terms.

I have read the above GCCCD Computer System Security and Use Statement and agree to comply with all policies and procedures set forth by the Grossmont District.
