

#### DISTRICT SERVICES EMPLOYEES RETREAT

District Services employees participated in a daylong planning retreat June 1 at the Ronald Reagan Center in El Cajon. Departments met in the morning to review their 2017-18 goals and assess what progress they made. The department members then developed new goals for 2018-19 that will help prioritize budget and efforts for the new fiscal year.

In the afternoon, employees participated in professional development training emphasizing trust and good communication in the workplace.

#### FUN FRIDAY

Wheel of Fortune was the theme for the District Services quarterly Fun Friday potluck lunch May 25. Players in the game got a chance to play Plinko and won prizes depending on where their ball landed.

Thanks to Research and Institutional Planning for putting on a fun team-building event!

#### BIKE TO WORK DAY MAY 17

Campus and Parking Services sponsored a pit stop at Grossmont College for *Bike to Work Day* on May 17. More than 50 participants stopped by the booth, where they could rest, enjoy refreshments, and pick up a free T-shirt and other materials. This year, participants were also invited to join a May 20 bike ride to honor Grossmont College Professor Brian Jennings, who recently died in a bicycle accident. Bike to Work Day is part of National Bike Month, promoting bicycling as an environmentally-friendly, cost-saving commute choice.
