Notes:

(1) As of 11/1/2011 the estimated unfunded liability was \$14.9 million.

(2) This Internal Service Fund was established in 2007. Prior to GASB 45, the financial statement required reporting only the amount paid in the current fiscal year for retiree benefits. This did not include future obligations. Under GASB 45, the district is required to report future obligations and any unfunded amounts. The process of determining how much should be set aside now to provide future benefits requires an actuarial analysis. An actuary's estimate or "valuation" is the product of many assumptions using historical experience to project future benefits and cost. This Internal Service Fund was established to account for funds transferred from the general operating fund to address the actuarial liability. The district implemented GASB 45 in the 08-09 fiscal year by updating the valuation and reporting the liability on the annual financial statements.
