Summer 2018

911 Calling System Update

Our GCCCD 911 Calling System has been updated. You no longer have to dial 9-911 to get to dispatch. Just dialing 911 will send you directly to the County Dispatch Operators. Old habits die hard, so if you accidentally still dial 9-911, you will be sent to the same place.

Workplace safety is one of our most frequently-asked questions. Below are some tips to keep you safe.

- ⇒ **Check the identity of any strangers who are in your office area - ask whom they are visiting and if you can help them find that person.**
- ⇒ **Keep your purse, wallet, keys, or other valuable items secured in an office, drawer or file cabinet.**
- ⇒ **Always let someone know where you'll be - whether it's coming in late, working late, going to the photocopier or mail room, or going out to lunch or a meeting.**
- ⇒ **If you bring personal items to work, such as a radio, calculator, art work, or laptop, mark them with your name or initials and an identification number. This can help law enforcement with identifying recovered stolen items back to their owners.**
- ⇒ **Please remember to secure your office when going home.**
- ⇒ **Report ALL suspicious individuals and or activity.**

Mental Health First Aid 8 Hour-Course

Just as CPR helps you assist an individual having a heart attack, Mental Health First Aid helps you assist someone experiencing a mental health or substance use-related crisis. In the Mental Health First Aid course, you learn risk factors and warning signs for mental health and addiction concerns, strategies for how to help someone in both crisis and non-crisis situations, and where to turn for help. The next course is June 27, 2018.
